

This Practice is Trans Friendly

We are committed to improving access to & experiences of healthcare for transgender people across rural Scotland

www.ruralgp.scot/lgbtq-plus

1. *We will not discriminate against any patient regardless of their gender identity*
2. *We will provide information and signpost to further resources whenever possible*
3. *We will strive to use inclusive language in all communications*
4. *We will respect your confidentiality*

As part of the Rural GP Association of Scotland, we are working to reduce the many healthcare inequalities faced by Lesbian, Bisexual, Transgender & Queer people, in particular transgender youth.

Please ask a member of practice staff if you would like to know more about our goals, or would like further information.
